

# Princess Annie

Dean Ray

Can I hold you one last time  
Before the morning slowly takes you from my mind  
One last kiss before I go  
And I'll leave you in my dreams  
Tonight I know

I'll see you again princess Annie  
We're only planes apart but I haven't got the money  
And I'll see you soon, when I sleep, babe  
I am next to you

Walking through the Sydney rain  
Drinkin' at the Easton bar doesn't feel the same  
The birds watch me from the trees  
Strolling through the junction, wandering aimlessly

I'll see you again princess Annie  
We're only planes apart but I haven't got the money  
And I'll see you soon, when I sleep, babe  
I am next to you

I'll see you again princess Annie  
We're only planes apart but I haven't got the money  
And I'll see you soon, when I sleep, baby  
I am next to you  
When I sleep, babe  
I am next to you
