

What It Ain't What It Is

Deante' Hitchcock

Yeah
Like take 7... this like take 7?
Ay... ay... ayo uh
Let that muhfucka drop like
Ay... yeah
Them motherfuckin' keys so God damn funky
Ay... ay... ok... ayo

Look, I live the life I deserve (blessed, ok)
Live what I preach like the head of the church (uh)
Bitch, I'm Atlanta since birth

Ahead of my time
Bitch I came out the womb as the man
Bitch I prolly should cancel the nurse
I'm so hot like the candles had burst (hold up)
Blessings on blessings on blessings
Already had lettuce, need dressing on dressing on dressing
I'm bouncing around in the booth
I take a shot and catch the Holy Ghost in a session
I'm balling like Kobe profession
Winning's no option, I think it's the only selection
Running circles 'round perfection
Bitch I'm so G, I'm 4G like yo mobile connection (for real)
I'm off that Hen straight
It got me fucked up, it got me tripping though
I fuck bird bitch 'til she pigeon-toed
She let my patna hit, boy that's a give-and-go
Box the ugly hoes out like a pick-and-roll
If I was blind, bet I'd still have the vision though
Shawty said I'm what the game been missing, so
We put the shit out on the streets like eviction notes
Get high, live life, man this shit a show
Swear the world too cold, man different strokes
Start to see my old hoes on my Insta posts
This water way too strong I can flip a boat
All-Star, bitch we ball on different coasts
Steph Curry with bank for the win
I'm the 2 with the 3 or the 4
In the lane, tongue out for the slam
What it ain't, what it is
What it ain't, what it is

Tell a nigga let you hold something if you never had nothing, bitch (nigga we ain't never had it)
Me and my niggas been at it for a minute we just tryna get rich (nigga we just tryna)
Lot a people left the squad, oh no nigga we ain't never switch (we ain't never)
Whole team on go, go tell em what it is

Ok, ok, they going three cray right here up in the 404
They done let us in the game, ah shit, gahdamn, nigga I'm about to kill this hoe
Ain't a damn thing change 'cept the people 'round me
Just the people 'round me, one time for the people 'round me
Yeah, people change and yeah blood way thicker than water
Well tell that to a sheet of Downey
I ain't lost myself, how the fuck you find me?
Bitch I got the bounce, I'm way too up to down me
Man life's a party
It's funny all the hoes wanna red nose now same ones who clown me
Ain't that some shit
Don't flush, nigga pass the shit
I been lit, you can ask my shit
Bitches all on call, the same ones I had classes with
It's kinda funny how them glasses switch
Cause I don't see y'all
"You Hollywood. You famous, dawg, what's up with you?"
But don't nobody fuck with you 'til everybody fuck with you
That's real, fuck how you feel
I remember sitting in my apartment on E cause I couldn't find a meal
It is what it is
Gotta falcon state of mind, bitch I keep what I kill
And ima kill everything, everybody
Let em know ain't shit safe
I dropped a mixtape sounding like a album
Y'all niggas got five months to get yo shit straight
And that's real
