

# Bubble Baby

Dear Valley

Baby's in a bubble  
Baby's in trouble  
She's bored and bitter  
She doesn't know what hit her

Bubble baby, she wants out  
But she's a baby and she don't know how

Oh oh oh oh oh oh oh oh

Bubble is too tiny  
Baby can't breathe  
She's got no room inside  
Just like baby needs

Sucking out all the air  
Someone's got to get her out of there

Oh oh oh oh oh oh oh oh

Babe, get out your bubble  
Babe, you're in trouble  
You're in the middle  
You want to be on top

You think that you're diseased  
You are just a victim of the "me's"

Oh oh oh oh oh oh oh oh
