Don't think too much
You'll hurt your head
Why don't you feel
Something instead
Don't think too much
You'll hurt your head
Why don't you feel
Something instead

Don't think too much
You'll hurt your head
Why don't you feel
Something instead
Don't think too much
You'll hurt your head
Why don't you feel
Something instead

Aha, aha, aha, aha
Aha, aha, aha, aha
C'mon!

Don't think too much
You'll hurt your head
Why don't you feel
Something instead
Don't think too much
You'll hurt your head
Why don't you feel
Something instead

Don't think too much
You'll hurt your head
Why don't you feel
Something instead
Don't think too much
You'll hurt your head
Why don't you feel
Something instead
Don't think too much
You'll hurt your head
Why don't you feel
Something instead
Don't think too much
Don't think too much
I think too much
Don't think too much
