

# Heart Is An Animal

Deap Vally

I ain't got no home  
In my bag is everything I own  
I ain't got no precious stone  
I ain't got no fever, it's too damn cold

I ain't got nobody to be good for  
I ain't got no eyes that do adore  
Lord, I need a ship to crash my shore  
I ain't got no fever, I'm too damn bored

Lord knows that the heart is an animal  
Too long in the dark it gets feral  
Lord knows that my heart is an animal  
Deep down, deep down  
You know I hear the call

Come on, girlfriend  
Why you so alone  
Come on sister  
Why you got no home  
Oh oh princess, get down off that throne  
In this life you got to throw yourself a bone  
Oh oh princess, get down off that throne  
In this life you got to throw yourself a bone

I got everything I need  
'Cause I'm here and I breathe  
Yes, I'm here and I breathe  
But say there's something more I need  
Got a heart and it beats  
Got a heart and it beats, yeah

Lord knows that the heart is an animal  
Too long in the dark it gets feral  
Lord knows that my heart is an animal  
Deep down, deep down  
You know I hear the call
