

# Perfuction

Dear Valley

There ain't no model citizen  
Not in Bangladesh or Berlin  
It's the same shit, shit we all live in  
Perfuc-fuc-fuc-fuc-fuction

Perfuction, perfuction, perfuction

(Perfuction)

Dirty dishes, clothes on the floor  
Haven't showered in days and I sleep till four  
Try to keep it together but fuck it, whatever  
I'm a mess but I'm clever, so fuck it, whatever

(Perfuction)

Perfuction junction, what's your function?  
Perfuction junction, what's your function?  
Perfuction junction, what's your function?  
Perfuction junction, what, what, what, what

Wasting precious seconds of your life  
Gonna fucking kill yourself if you don't get it right  
You're such a winner, you always have control  
Perfuction gonna come at you and make you pay the toll

(Perfuction)

Perfuction junction, what's your function?  
I can't function at this luncheon  
Every octopus has suction  
Every bad bitch has perfuction

I don't worry 'cause everything's in place  
Oh, I don't worry 'cause I always win the race  
Oh, I don't worry 'cause I never have a doubt  
It's called perfuction and it's what I'm all about
