

# Tsunami

Dear Valley

Been in the game  
Ever since I can remember  
Working every day  
From January to December

I got a fever  
A fever to race  
I got a fever  
To win first place

I'm a tsunami, you can't stop me  
I'm faster than the speed of light  
I'm a tsunami, you can't stop me  
I can't stop, won't stop, don't stop till I get what's mine

I got this burning flame  
And it ain't going out ever  
Make no mistake  
I'm gonna get there no matter the weather

I got a fever  
A fever I can taste  
I got a fever  
To win first place

I'm a tsunami, you can't stop me  
I'm faster than the speed of light  
I'm a tsunami, you can't stop me  
I can't stop, won't stop, don't stop till I get what's mine

I'm a tsunami, you can't stop me  
I'm faster than the speed of light  
I'm a tsunami, you can't stop me  
I can't stop, won't stop, don't stop till I get what's mine
