

## Before Midnight

Deas Vail

Living battle faces on,  
masking actions in the wrong.  
Superheroes imitate,  
and come around when it's too late.

I know that we'll make time  
and set this right, tonight.  
Tonight

Thankful for this, fame we take.  
For the complication we create.

And I know, somehow,  
we'll be fine, tonight
