## The New Year

## **Death Cab for Cutie**

So this is the new year And I don't feel any different The clanking of crystal Explosions off in the distance In the distance

So this is the new year And I have no resolutions For self assigned penance For problems with easy solutions

So everybody put your best suit or dress on Let's make believe that we are wealthy for just this once Lighting firecrackers off on the front lawn As thirty dialog's bleed into one

I wish the world was flat like the old days
Then I could travel just by folding a map
No more airplanes, or speed trains, or freeways
There'd be no distance that can hold us back

There'd be no distance that could hold us back There'd be no distance that could hold us back

So this is the new year So this is the new year So this is the new year So this is the new year
