

Black Paint

Death Grips

Drop the curtains soaked in shadow
More shade
Black, black paint
Drip freak freak seek seek so cold
Today
Black, black paint
Making sounds that don't deserve us
Like blou
Black, black paint
Those are my Satanic urges
Right now
Right, right now

I'm down for
Boom, boom boom
B-boom boom boom
Sic-sic-sic-sic
Hey, hey, hey, hey

I require privacy
I'm always thinking finally
Dreaming, feigning

Raised up over out my smoke
Black paint
Black, black paint
I am gonna take your coat
Say thanks
Black, black paint
Sick people felt light up your eyes
Somehow
Black, black paint
Those are my Satanic urges
Right now
Black, black paint

I'm down for
Boom, boom boom
B-boom, boom boom
Hey, hey, hey, hey, hey

I require privacy
I'm always thinking finally
Dreaming, feigning
Changing, cheating

Boom, boom, boom...
Hey, hey, hey...
I don't have enough power
I was staring right at her
H-hold, h-hold, h-hold

Black, black paint
Black, black paint

Black, black paint
Black..

You think I could hold
This statue off the balcony
I think I'll stay a while
Spin the bottle

Boom, boom, boom...
Hey, hey, hey...

I require privacy
I'm always thinking finally
I require privacy
I'm always thinking finally
Dreaming, feigning
Changing, cheating
