My carcass for my throne
VCR saliva
Smog China
Swiped, alright, alright

Invasive clinical
Wayside at intervals
That don't stop
That okey doke stroke slid into pine box
Bloated bullshit I must maim
Ever met a prick on a metro trip
Get his hair did like a disco-tech
Guess at the v make a simp sweat cheese
What you want to drink can I need you yet

Fuck is that, a hairstyle?
This asshole be at pussy church, first

In your head boom I spray like girl who whip her device
Fuck a warning, that bores me

Come test me, fucks get sliced
Caught a tiny cougar even she don't wet

Dick get left but he leave real slow
Typical no clue he don't grow
Official fuck no with a capital hoe
Wack hoes wanna piece so a bitch pose
Pack of putos got me rollin' up my windows
