

# Whatever I Want (Fuck Who's Watching)

Death Grips

Hand yourself over remain calm I only plan to steal whatever I  
want  
Fuck whos watching  
I lose it I can't remember why  
No agenda still can't remember I  
Uncross my fingers  
Heard you claim we've met before  
Always forget who they are  
Lay  
My head in furnace  
Cream  
Proof of purchase  
Ghost in machine  
Laced  
When I spit on your face  
You'll take what you can get  
Not once have I been had yet  
My skull in nylon my throat like pipe bomb  
Give it give it to me till you're all used up  
Play play no amuse me don't forget to fuck off  
Whatever I want
