

My Company Of Corpses

Death in June

Two fallen comrades
Two comrades gone
My company of corpses
My whole life long
There the Munich on my lips
And new arrivals
Their full eclipse

Two fallen comrades
Two comrades gone
My company of corpses
My whole life long
This great column
These friends of mine
'Abokeya(?) virgins
The lack of time
The lack of time
The lack of time
These friends of mine

I've been looking
Through this list of late
Some memories not so good
Some great
Great moments in our hearts
Never return
The memory lingers
Shrivels, then turns

Two fallen comrades
Two comrades gone
My company of corpses
My whole life long
This great column
These friends of mine
'Abokeya(?) virgins
The lack of time
The lack of time
The lack of time
These friends of mine

Two fallen comrades
