

The Maverick Chamber

Death in June

Here in the maverick chamber
Disaprovel came to play
Stateless middle aged still feral
Unhappily decayed

Here in the maverick chamber
Disproval came to play

Stigmatas haunted alas seasons
And the thinking mans mind
And thee European experience
Never free to confined

Passion and rage is a trick of the trade
But here in the maverick chamber
Disaprovel came to play

Here in the maverick chamber
Disproval came to play
Stigmatas haunted alas seasons
And the thinking men confide
And thee European experience
Never free to survive

But here in the maverick chamber
Disproval came to play
