

Your Loft My Acid

Death in Vegas

If I knew a place, if I knew a place, if I knew a place
If I knew a place, if I knew a place, if I knew a place
If I knew a place, if I knew a place, if I knew a place
If I knew a place, if I knew a place, if I knew a place
I gotta tell you what I know
If I knew a place I've been before
I gotta...
To forget the place I wouldn't go
I gotta tell you what I know
If I knew a place I've been before
I gotta tell you what I know
To forget the place I wouldn't go.
