

Anytime

Death Plus

Don't you know how I feel?
When I look into your eyes
Don't you know that it's real?
Shouldn't come as no surprise

This is your song
Forever, for life
Hold it in your arms
And for tonight

Know that we're forever
Locked in arms together
You'll have me
Anytime, whenever
We'll make it last forever
Locked in arms together
You'll have me
Anytime, whenever
