

Better Off When I'm Dead

Death Plus

I don't know where to go from here right now
I just wanna find a way to get back out
I don't know if you can understand me now
But I just hope that you can hear me
Watch how I die
Watch how I fall
What a nice life
What a nice life when I'm gone
I got the pistol pointed at my, head
We'll be better off when I'm dead
