

DANGER!

Death Plus

Head full with this anger I'ma bouta let it go
Everyone round me in danger I just gotta let em know
Bitch I'm bouta bring the pain, yeah I'm about to explode
Shits about to go off so you better get low

Ready to knock em on they ass, ready to hit em
I could live forever and still never give a fuck
Bouta leave the scene drippin in yo blood
Fuck with me I turn yo body into dust

Bitch I'm pissed, got my brain on a 1000
You don't know what this shits like mane I doubt it
Please don't bring no pussy muthafuckers round me
I can't trust nothing but money that's why I'm counting

I'm just tryna smoke this weed and count up all this cash
But I got so many problems up on my fuckin back
Back to the basics I'm making it happen
They never thought that I would take this shit to the max

Head full with this anger I'ma bouta let it go
Everyone round me in danger I just gotta let em know
Bitch I'm bouta bring the pain, yeah I'm about to explode
Shits about to go off so you better get low

Ready to knock em on they ass, ready to hit em
I could live forever and still never give a fuck
Bouta leave the scene drippin in yo blood
Fuck with me I turn yo body into dust
