

Don't Bother

Death Plus

Talk to me like you want something
I want nothing
You are nothing
(Talk to me like you want something)
(Talk to me like, yeah)

Talk to me like you want something
I want nothing
You are nothing
I got no lies, I'm doin' this
I'm provin' it, keep movin'
I'm going home, where I can be alone
And no one's gonna try to talk to me
Don't bother, it's my decision
Stick to myself and keep livin'

You were on me all last night
I was thinkin' to myself like, "I wanna die"
Yeah
I keep talkin' to myself but
I know I'm better than you
So I don't give a fuck
It's like that, yeah, I don't mind
I been doin' fine
I don't mind you, baby
Yeah, I'm alright
Comin' home to get fucked up inside
It's my life
I don't care if you like it

Talk to me like you want something
I want nothing
You are nothing
I got no lies, I'm doin' this
I'm provin' it, keep movin'
I'm going home, where I can be alone
And no one's gonna try to talk to me
Don't bother, it's my decision
Stick to myself and keep livin'
