It's the killa in the bushes best to keep ya doors locked  
Pants fallin' off my ass but I'm still runnin' from the cops  
Cookin' up on the Mac just like it was a stovetop  
Shit, maybe it is, that's why the flow so hot  
Pull up do what I wanna and then I roll out  
Think I'm bouta smoke a whole ounce  
Roll a pound bouta go to the clouds  
Like I'm flying think I'm dyin' yeah and I ain't comin' down
