

If you're coming with me, let's go
I can take you where you wanna go at night
[?] down the next road
Or we can stay here just this once
I know how you feel when you say
I know how you feel when you say
Let me know what to do when it's [?]
I don't know what to do when I'm outside at night
Let me just be myself
Let me just be by myself
No, I do not need your help
I've learned to cope by myself
I got some problems [?]
Just take a drive out to hell
You'll find me sitting right here by my fuckin' self

I heard all the shit that they saying
I heard it all before, I don't get paid
So it ain't make much sense to be this notorious
You hearin' my pain
Bitch, don't fuck with me
So ugly
Don't step in front of me
When the blade gets drawn [?]
