

Eyes Closed

Death Plus

I wanna go but you don't want to
[?] when I keep my eyes closed
I feel like I'm in [?]
Wonder where did all the time go
This feeling that you got me under
Soon as I think I'm done
You hit me with another offer
Get it together, fix my posture

Why they like me now? I think it's 'cause I'm getting money
I keep this shit to myself, yeah, I just keep it quiet
'Member when they used to hate and ain't nobody want me?
Fuck 'em, it ain't nothing
I stick to the money

Why they like me now? I think it's 'cause I'm getting money
I keep this shit to myself, yeah, I just keep it quiet
'Member when they used to hate and ain't nobody want me?
Fuck 'em, it ain't nothing
I stick to the money

I stay smoking on that pack and you know I be ridin'
Fuck with me tonight, I might end up catchin' a body
If you got a problem, pick up the phone and just call me
I'll crack a Tommy
Yeah

Why they like me now? I think it's 'cause I'm getting money
I keep this shit to myself, yeah, I just keep it quiet
Remember when they used to hate and ain't nobody want me?
Fuck 'em, it ain't nothing
I stick to the money

I stay smoking on that pack and you know I be ridin'
Fuck with me tonight, I might end up catchin' a body
If you got a problem, pick up the phone and just call me
I'll crack a Tommy
Yeah
