

## Feeling Different

Death Plus

Been feeling different lately  
Sitting here patiently waiting  
My insecurities make me  
Who I am and who I'll be  
For you to see

You know it's harder than it seems  
Don't want you to think differently  
Of me 'cause [?]  
I know [?]  
I'm on the same path I've been on  
Wanna get away so I run  
Don't wanna be someone I'm not  
Don't wanna be anything, yeah
