

## Frown On My Face

Death Plus

This ain't no game, death don't play  
Hopped out the dirt with this frown on my face  
World so fucked, got me fucked up  
And so I feel this rage  
Everybody wanna try me  
Every day it's been this way  
I'm about to set em straight  
Lemme go and make a stain  
Bodies in the basement  
Lookin like the morgue  
I know all these pussies ain't shit  
Seen it before  
They can't step to the deathmane can't step through the door  
Knock knock then I leave yo fuckin brains on the porch  
Hit the cheat code  
Zero zero zero  
Infinite zeros got me feelin so evil  
Im in my killa mode while you in sleep mode  
Bitch I run the fuckin block like deebo  
Leanin so low like im tryna how far the seat go  
Do this for the demons in the streets them my people  
Do this for the Killaz and the fiends all my freaks  
On the block tryna get the guap nothing comes for free no
