

Gasoline

Death Plus

I ain't never thought that you would do me that way
I been lookin' for the right time to get away
I just wanna see your body outside in the rain
I be pourin' up on that fuckin' gasoline

I ain't never thought that you would do me that way
I been lookin' for the right time to get away
I just wanna see your body outside in the rain
I be pourin' up on that fuckin' gasoline
I been on my own shit like every fuckin' day
Smokin' on this weed help me get rid of the pain
No, I ain't a druggie, don't look at me that way
I been pourin' up on that fuckin' gasoline

Put it all on me
I got this pressure all around me
And it's all on me
I got four blunts and [?]
I'm 'bout to make a fuckin' stang with the shit I bleed
If we look back up, and if you look back at me
You can smile away but I know you're not happy
Yeah, there's something else, throw it right back at me
I can't help but follow you when you walk right past me
If you looked away then you would walk right past me
You could look my way and you could watch [?]
I could try to say you would but you would prolly just laugh at
me
Tell me why you laugh at me
I hate you and the shit that you say
You know this shit ain't cool, I got somethin' to say
Yeah all I really wanna do is get a ride to your place
And then [?], then I'm tryna get paid, yeah
Tell me, don't you feel that way?
I been goin' so hard but they be slackin' on the pay
You could be like everybody, wanna fuck me that way
You could fuck me that way and I'ma never run away, yeah

I ain't never thought that you would do me that way
I been lookin' for the right time to get away
I just wanna see your body outside in the rain
I be pourin' up on that fuckin' gasoline
I been on my own shit like every fuckin' day
Smokin' on this weed help me get rid of the pain
No, I ain't a druggie, don't look at me that way
I been pourin' up on that fuckin' gasoline
