

# Gone

Death Plus

I wasn't thinkin' 'bout it last night  
It just hit me right now  
And I'm fine but I guess sometimes  
Life don't go how you'd like  
I been lost, feeling like I'm meant for it  
When I'm gone, I don't think that I'll miss life  
When I'm gone, I don't think that I'll miss life  
When I'm gone, I'm gone  
I don't ever wanna come back to this place  
Where I wasted all my time, when I made all these mistakes  
I been thinkin' 'bout the mess that's in my head  
So much shit I just can't fix

I know you want this  
And I'm sorry
