

## Gotta Go

Death Plus

When I say I gotta go, you know I mean it  
I keep losing all control for no fuckin' reason  
Everything that I ever loved is going to pieces  
I don't even want you, I don't even want drugs, I don't want ne  
ither

When I say I gotta go, you know I mean it  
I keep losing all control for no fuckin' reason  
Everything that I ever loved is going to pieces  
I don't even want you, I don't even want drugs, I don't want ne  
ither

I'll kill myself to forget you  
You know I'm insane, yeah that's true  
I just gotta live with my regrets  
We all know what that is, yeah you know that that's you  
This is what I had to say, I still have to  
Yeah i gotta leave this place, I just have to, yeah  
I know you're feelin' wrong, I'm sad too  
I just had to take off the fucking mask, yeah you know

When I say I gotta go, you know I mean it  
I keep losing all control for no fuckin' reason  
Everything that I ever loved is going to pieces  
I don't even want you, I don't even want drugs, I don't want ne  
ither
