

Happier Than Ever

Death Plus

Oh, I miss you but I can't go through it
I miss you but I can't go through it no more
Oh, I miss you but I can't go through it
I miss you but I can't go through it no more

I wanna die some days
And end up happier than ever
I wanna change my ways
But I'm just waiting on the weather
I wanna die some days
And end up happier than ever
I wanna change my ways
But I'm just waiting on the weather
