

Hello there, I watched you for so long  
Get up, play your part, put your clothes on  
Lie down, take it off, get the show on  
You know me, babygirl, I'm a no one  
Take your picture, babygirl, get your closeup  
It's been a long time, I miss you so much  
Coming home, take some time to go down  
They talk a lot but you know they don't know us  
Said I could hear you in the back then  
Said I could hear your voice laughing  
But, now I know it's all past-tense  
What the fuck even happened? I don't know  
I don't wanna play your games  
Pitch black but I'm outside in the rain  
And it hurts, I don't give a fuck anyway  
I don't need anything  
You're my everything

And I'm looking out my window  
Hoping I might see you  
It was nice to meet you  
I'm going back, maybe I could see you again
