

# Hey

## Death Plus

Hey, baby  
I been thinkin' 'bout leaving lately

Hey, baby  
I been thinkin' 'bout leaving lately  
I been trying not to go crazy  
Like I used to when I came around you  
There's a tension, I can almost taste it  
[?] and I just don't wanna waste it  
Please tell me, yeah, I don't got the patience  
To deal with the bullshit  
I wanna get the pistol, grab the trigger and push it  
I'm [?] and then I pop in a full clip  
You know I'll never die but I just wanna feel close to it  
I don't wanna live anymore, I feel hopeless

Yeah, wanna grab the pistol, aye  
You know I really miss you, aye  
I just wanna kiss you, aye
