Death Plus

I don't know what the fuck you want from me  
Can you tell that I don't want anything?  
I'm in hell and you're all I can see  
All these people walking around tryna get shit from me  
They ain't gonna get shit from me  
They ain't gonna get shit from me  
They ain't gonna get shit from me  
They ain't gonna get shit from me
