

## Holding On

Death Plus

I been on the edge of falling away (I don't wanna wake)  
I don't think that anything can stop my pain (I fall away)  
I been on my own like every day (all alone without you babe)  
Tryna do this shit to just stay sane (but I don't wanna wait)

I been closing up my eyes still holding on  
I been closing up my eyes still holding on  
But not for long
