

# I Wanna Go For A Swim

Death Plus

Wanna go on the town  
Wanna get on the road, wow  
I wanna get out  
I'm feelin' so low  
You'll never know how  
I was ever found  
You gotta go down  
I will not make a sound

You gotta drown with me  
When will you come around?  
I wanna go for a swim yeah  
To Poseidon, I take a bow  
I'm going down, I'm sinking  
Wearing a golden crown  
I'm the king of the ocean  
I wanna live here now

I been swimming deep in the ocean  
I been swimming deep in the ocean  
I been swimming deep in the ocean  
I been swimming deep in the ocean  
I been swimming deep in the ocean  
I been swimming deep in the ocean  
I been swimming deep in the ocean  
I been swimming deep in the ocean
