

## I'm Doing Fine

Death Plus

I don't like  
Having to trace the lines  
And everything you tell me  
It's overwhelming  
Yeah, you pass me by  
It's like the second time  
Why can't you just tell me?  
All you do is repel me  
I don't wanna waste time  
Tryin' to get you by  
But it makes me sick  
Not to see you happy  
I been wasting my time  
Just getting high  
And it don't mean shit  
If I'm not happy  
All I wanted was for everything  
To be okay between us  
I was busy going off  
While you were busy feeling rough  
I know it's not the easiest  
And probably not the best thing to do but  
I don't know what else to do  
It's like I been so damn far from you  
And that's why  
I wanna die  
Every day I'm living  
This little life  
And I don't mind  
If it makes you cry  
Or it makes you happy  
Cause I'm doing fine  
Yeah
