Death Plus

Why won't they listen?
Why won't they hear me out?
Why wouldn't you try to retract from me?
Why wouldn't you try to get out?
Everyone's talking so loudly
What are they talking about?
Why are they talking about me?
What is the point of this hell?

Maybe nobody can, because
To you [?]
Nothing means shit, now come home

Someone is listening
Maybe it's us [?]
(Maybe it's us [?])
