

## It's Alright

Death Plus

Where the money go?

I'ma get rich to spend it with my brothers, for sure

Where the money go?

I'ma get rich to spend it with my brothers, for sure

Tell me what's up, girl

And what you talkin' for

You don't know it but that's fine cus I know

That I'ma get there to where I wanna be

Where I'm tryna be with you, girl

Where you don't wanna be

Cus you're too scared of me

But I promise you, girl

You'll be fine

(You'll be fine)

I'll be there, yeah, you know you're mine

One of these nights

I'ma slide by

Baby, don't cry

Yeah, it's alright

Where the money go?

I'ma get rich to spend it with my brothers, for sure

Tell me what's up, girl

And what you talkin' for

You don't know it but that's fine cus I know

That I'ma get there to where I wanna be

Where I'm tryna be with you, girl

Where you don't wanna be

Cus you're too scared of me

But I promise you, girl

You'll be fine

(You'll be fine)

I'll be there, yeah, you know you're mine

One of these nights

I'ma slide by

Baby, don't cry

Yeah, it's alright

So don't cry
