

Why are they talking to me?
What are they talking about?
Walking away, it's all the same, so I take another route
I'm so sick of this town, they don't know what I'm about
I'm 'bout to get the fuck up, I'm 'bout to dip the fuck out
Yeah, I'm probably what you thought but yeah, bitch, I'm proud
'Cause I got a fuckin' message and I'm saying it loud
Bitch, go get a job, you stepped up in Death's house
Fuckin' 'round with me, and become part of the [?]
I been sittin' 'round all day just waiting
For a pussy motherfucker that'll come make me
Look up at his worthless fuckin' life and just take it
Take the fucking bat to your skull and I break it
All these motherfuckers on some copy-and-paste shit
But I'ma tell you all something that they can't, bitch
'Cause I speak a whole 'nother motherfuckin' language
They sayin' I'm a god, and they sayin' that you ain't shit, yuh

Motherfucker, you don't wanna come my way
Every time they step up to me, I can feel the rage
You can't even look me in the eyes
Feelin' that shit fillin' every breath that I take
I wonder why I'm living like I
Feel so motherfuckin' ugly, yeah
Lie to me, you know that my life's a lie
To me, you know that my life's a lie

Tell me how the fuck you really feel
You don't wanna know how I feel
Don't think I'll be satisfied 'til I make a mil
Yeah, I wanna sit back, smoke, and just chill
Yuh, listenin' to this shit while I'm countin' up my bills
'Member back in the days? All the drug deals?
Might just hook 'em up, yeah, I'm on the streets still
In this shit so deep, motherfuckers need gills
Goin' through some shit, thinkin' of loading up a clip
Holdin' that shit up to my head, I'm finna open it up
Yeah, I don't give a fuck
What they want from me, I'm out
What they talkin' about?
Don't think I told 'em enough
Motherfuckers talk a lot of shit, and that's it
Nothing's ever gonna fucking shut 'em up
Back up from me, bitch, back up from me
You don't wanna step to Death and get touched, yuh

Motherfucker, you don't wanna come my way
Every time they step up to me, I can feel the rage
You can't even look me in the eyes
Feelin' that shit fillin' every breath that I take
I wonder why I'm living like I
Feel so motherfuckin' ugly, yeah
Lie to me, you know that my life's a lie
To me, you know that my life's a lie
