

## On Your Mind

Death Plus

What's on your mind this time?  
I know it's probably just the things I do  
Talkin' 'bout me to your friends  
I don't like the way that they ask you to  
[?] you talk to me and I like that attitude  
Really, I'm over it 'cause you know I can't stay mad at you

I wanna pass right through  
It's what I have to do  
I wanna pass right through  
To the other side, it's what I have to do
