Death Plus

Ride ride ride ride ride ride ridin
Ridin through the night with a weapon on my body
Ride ride ride ride ride ride ridin
Ridin in the hearse you just a body in the coffin
Yeah bitch you know I'm ridin
And you just another body rotten
Creep slow keep the seat low when I'm ridin
Ride ride ride ride ride ride ridin

Ridin through the night
Gotchu in my sights
Reapermane I got the scythe
Give a fuck about yo life
Be my sacrifice
I know that it might be wrong but it just feels so right

Bitch I'm a angel sent straight from below
Wings spread on my back blood on my halo
Death finna getcha if you get too close
On my way to hell I just took yo soul bitch
