

Real

Death Plus

I don't want anything real
I don't wanna even live
Wanna take some of the pills
You fuck with me, you get killed
Wanna live in the hills
I been livin' in my feels
In the ocean, what's the deal?
I been swimming, I need gills
I don't give a fuck still
I been ballin', I need bills
You a pussy, better chill
I kill pussies for a meal
I know that I fuckin' will
I don't want anything real
Wanna take some of the pills
I kill pussies for a meal

Yuh, aye
I live surrounded by fields
I do what the fuck I will
I don't want anything real
Yuh, aye
I live surrounded by fields
I do what the fuck I will
I don't want anything real
Yuh, aye
I live surrounded by fields
I do what the fuck I will
I don't want anything real
Yuh, aye
I live surrounded by fields
I do what the fuck I will
I don't want anything real
