

Schizophrenia

Death Plus

You don't wanna know how I feel about it
I just wanna know if it seems real without it
Doing shit that's gonna get you killed
Doing shit that's bad for your health
You [?] that's just what appeals
You found it

Searching for an answer, almost all the questions in the world
I'm feeling like they don't fuck with me, that's okay, they ain't
't in my circle
Fuck with my set and we gonna leave your face turning purple
Bloodstains on the dirt, we got no watch as that shit curdle
So many voices talking to me, I don't think I heard you
I got some issues, step too close I think I might just hurt you
It makes me feel alive, can't hide it the pain is a virtue
I didn't mean to hurt you, I didn't mean to curse
Can't take a breath, I'm feeling dead
Voices whisper in my head, I don't know how much worse it could
get
Life feeling fucked up, taking my last steps
Don't know how much longer I got and I don't know what's next
Don't know what they want from me, don't think I got much left
I'ma smoke my lust blunt and tie the rope around my neck
Fuck the world, don't fuck with me when I'm dead
Just let me rest, ay
