Gonna have some fun, yeah what's the catch?
Gonna put you in a bag with your guts
Now we put your ass into the [?], you become part of the stash
As you die, you flatten out, your bones will start to crack
And now you blackin' out, I gets my shit and then I fuckin' das

Don't wanna fuck around, I'ma have to knock 'em flat
Make 'em splat with that hammer, with the knife, with the gat
Got 'em running from me, tryna find a way out, watch yo ass
Yuh, watch 'em and I laugh while the motherfuckin' guts splat
