

## Stressed Out

Death Plus

Can't live like this, like this  
I hate living like this, I quit

Can't live like this, like this  
I hate living like this, I quit  
Tell her suck my dick, I did  
Ion like that bitch (Fuck that bitch, yeah)  
Look at my wrist, though (Aye)  
It be shinin' like some gemstones (Yuh)  
I get so stressed out sometimes but  
I just gotta let it go (Yuh)

I don't want this anymore  
I been stuck here in the north  
It's too motherfucking cold out (yeah)  
And I'm too motherfucking bored  
You ask if I love you, why is that a question?  
You know that I'll tell you, "Of course"  
Babygirl, yeah, I'm the source  
I could really get you more  
What you wanna get it for?
