

## Take Your Time

Death Plus

Yeah

One last time, gotta get it right  
I been on my own, talkin' late at night  
You'll be in my bed, it's the second time  
Everybody's dead, I don't wanna die  
Thinkin' to myself, it'll be alright  
Sitting by myself, I don't wanna cry  
Looking like I'm gone, I'm so fucking high  
Thinking I was lost on my own tonight

Won't you take your time with me?  
You don't wanna die with me  
And it's alright, I'm thinking  
[?], I'm breathing deep  
You are the oxygen I breathe  
You are the only thing I need  
And I'm still falling, sinking  
But you're always [?]
