

# Those Nights

Death Plus

When the light's off  
I'm coming in  
You never want me  
You still let me in  
Like why I don't ever feel alive?  
Like all the time  
I want to die  
I'm all alone but still got you by my side  
Cold blood up in my veins  
Yeah, I'm out tonight  
Thinking I'ma die  
That's all right  
I been posted up, baby  
Yeah it's all right

It's like that, babe  
I've been thinking 'bout going insane  
Yeah  
You know it's all bad for me  
And I don't know if I can control my fate  
Turn you into something bad, babe  
But you know that it's already too late  
Now you put me in the trash  
Away  
You gon' do me like that?  
It's okay  
I've been thinking 'bout  
Those nights when you used to touch my back and now you don't even want to befriend me  
Cold nights when you used to hold my hand  
But I don't know if it even means anything  
You're right  
I've been going off my track  
I gotta go  
I don't know  
Can you tell me?  
You're the only one that has my back  
You feel my pain like it hurts to be next to me

Still got you by my side  
Cold blood up in my veins  
Yeah, I'm out tonight  
Thinking I'ma die  
That's all right  
I been posted up, baby  
Yeah it's all right
