Throw You Away

Death Plus

Watch what I do
It's not like you
Tell me you like
The things I do
That's fine try it
You won't like it
I'm so lifeless
You're just dying

I seen this shit so much before
I don't wanna see it anymore
Throw you away throw you down on the floor
It's all the same thing

Tired of waiting
You're tired of failing
I've wasted the whole time
Just trying to say this

You're just like the rest
That's just what I been seeing
I just observe
All the things that I'm seeing
