

Wait

Death Plus

Charlie Shuffler
You gon' do me like that? It's okay
I'm not sorry
And I don't have that much to say
(Yeah, aye, yeah)

Wait
You gon' do me like that? It's okay
I'm not sorry
And I don't have that much to say
But I'm thinking back
To everything
All the lies I told you every day
I'll never get it back, no, it'll never change

I'm looking through your silhouette
Stop to smoke the last cigarette
But it's you I can't forget
You're on my mind, I don't know how to pretend
My heart goes out to you tonight
Don't fight that, I like that
Nobody makes me feel alive like that
And I'll find it
You're dying from the inside out
And I find it surprising
Nobody ever found me out
I don't mind that
Yeah, I like that

Wait
You gon' do me like that? It's okay
I'm not sorry
And I don't have that much to say
But I'm thinking back
To everything
All the lies I told you every day
I'll never get it back, no, it'll never change
