

# Wasted

Death Plus

I was waitin' in my house, tryna figure out  
What to do to get out of this hell I'm in  
I keep takin' time to find myself and I don't ever find myself  
so  
Where the fuck is all my time really spent again  
All my time gets wasted  
I just wanna get paid, yeah  
Everybody think I'm jaded  
I don't ever wanna face it  
Every day gets wasted  
I can never get away from it  
Put the chemicals in my brain, yeah  
(In my brain, yeah)  
Put the chemicals in my brain, yeah  
Every day I go insane, yeah  
(I go insane, yeah)  
Bitch, give me brain, yeah
