

## Wasting Your Time

Death Plus

I wanna die  
Maybe I'll try  
Taking my own life  
Baby, we'll both die  
I wanna die  
Maybe I'll try  
Taking my own life  
Baby, we'll both die

I don't really mind  
Wasting your time  
Pacing through the night  
You hate me, and that's just fine

Waiting up all night for you

If everything's every thing, I want a little bit of your everyt  
hing  
If every feeling you give me is real, I don't wanna feel anythi  
ng but it  
You touch me the rightest way, I could imagine and I can't put  
nothing above it  
Just give me a little bit, gimme a moment, just gimme-  
Nah, gotta say "Fuck it"

You hurt me girl, but I love it  
You said the same thing back to me
