

# why

Death Plus

Yeah, yeah  
All around, you're all on me  
I could never get it, though  
You were always right there  
Nobody could've been there but you  
Why don't I love it?  
Yeah, why don't I show it?  
No, why is it so hard to show me you love me?  
And what is the problem?  
And what is the cause?  
Make it fall and align  
If we all get along  
Cause it's true  
Why do you move me?  
Yeah, why's it so new to me?  
Why are you there doing just what you do to me?

I was waiting here  
All alone  
I was waiting here  
All alone  
Yeah  
I was waiting here  
All alone  
I was waiting here  
All alone  
Yeah

Why don't I love it?  
Yeah, why don't I show it?  
No, why is it so hard to show me you love me?  
Why do you move me?  
Yeah, why's it so new to me?  
Why are you there doing just what you do to me?
